

Help Us

The total build will cost in the region of £5 million. We have no free capital to build the hub or the bungalow.

You can help us by sponsoring the build. A room costs from £66,000 – please speak to our CEO to discuss further.

I pledge my sponsorship for the housing project as:

- 50p A brick
- £100 Invitation to the opening
- £250 Named in promotions
- £500 Plaque in bungalow
- Other _____

Method of payment:

- Cheque
Made payable to Headway Suffolk Ltd
- Bank transfer
Acc Name: Headway Suffolk S/C: 40-52-40 A/C: 00018625
- Debit/Credit card
Pay by debit/credit card or paypal online at:

Headway Suffolk is a registered charity (no 1075338) and a company limited by guarantee registered in England (no 3731392)

Housing & Ipswich Hub Project

Our mission:

To provide a range of services to people and their families affected by any form of brain injury or neurological condition, enabling them to reach their full potential

Headway Suffolk
the brain injury charity

About Us

Headway Suffolk is a charitable organisation affiliated to Headway UK – the brain injury association – the leading UK-wide charity dedicated to the care and support of people who have an acquired neurological condition.

The charity exists to promote understanding of all aspects of neurological conditions and to provide information, support and services to people with a neurological condition and their families and carers.

Social care, hospital doctors, community clinicians, GPs, families and friends refer clients to Headway Suffolk, which offers a range of services, including day care and community care.

The charity feels that there is a gap in housing provision for clients with a neurological condition, which is putting them at risk.

It is proposed that Headway Suffolk fills this gap by opening a housing project with care and rehabilitation support from Headway Suffolk staff.

It is anticipated that it will be open in 2020.

Housing Need

The housing is for people with a neurological condition in the following circumstances:

- Newly-diagnosed persons who find themselves homeless or in inappropriate accommodation
- Our client group who are in need of a respite bed
- Short-term stay for those discharged from hospital awaiting a home-care package
- People who need to be assessed in a 'home' setting before returning home

Many of Headway Suffolk's clients are finding themselves homeless due to partnership breakups, are unable to cope with living independently, or need to move into an urban area to be close to resources.

If Headway Suffolk owned such a provision clients' rehabilitation would continue, if they so wished, in their living environment, enhancing the work carried out in the hub and by our clinicians.

Housing Proposal

It is proposed that Headway Suffolk fills a gap in housing provision by opening a housing project with care and rehabilitation support from Headway Suffolk staff.

Ipswich Borough Council has offered Headway Suffolk land that is in an ideal location just off the A14 for ease of access and on a bus route into Ipswich town centre.

It is near local shops, a GP surgery, a pharmacy, a building society and restaurants.

The property will be two, 12-bedded bungalows with a lounge, dining room, kitchen, laundry room and staff room.

Every bedroom will have an en-suite wet room.

Clients will be encouraged to do their own cooking and laundry as part of their rehab.

There would be a garden where clients could relax and grow flowers, fruit and vegetables for the project.
